Partners In Ministry Summer Programs

At PIM, the summer has sadly come to an end. However, all our students and staff had a wonderful time participating in summer activities and learning excursions.

SYSTEM/ELISS Summer Program: Camp STEMulation

What a BANG!!!

On Wednesday, July 16, 2025, from 1:00 to 2:00 p.m., the Partners In Ministry Camp STEMulations students visited the Scotland County Memorial Library for a performance by the Big Bang Boom Band. The presenters captivated the students with a story about a monster under the bed, accompanied by guitar music.

They introduced their instruments, including a bass guitar, and engaged the students with several fun songs, including "Got a Song," which featured both their names, Duck and Chuck, alongside the students' names. The group sang animal songs, made funny noises, and everyone, including teachers, joined in the fun.

The highlight of the event was the Hokey Pokey, concluding with the uplifting song, "Everything is Going to Be Alright." What a BANG!!!!

SYSTEM/ELISS Summer Program: Camp STEMulation cont.

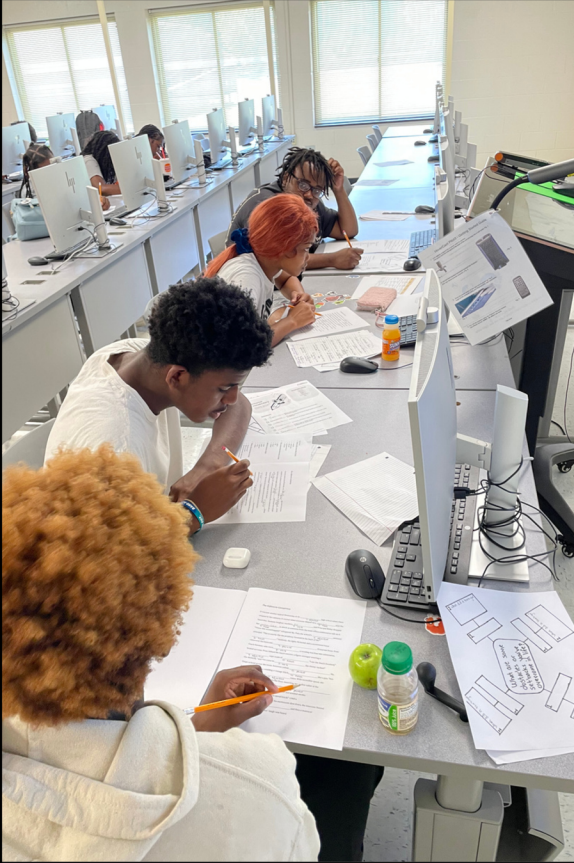

Partners In Ministry students attended their last summer show at the Scotland Memorial Library on July 23, 2025. It was an exciting occasion, with students cheering, clapping, and having fun!

Chris and Neill encouraged everyone to clap for energy, regardless of the performance quality. They showcased interactive magic tricks, including a card trick and an impressive table dance to calming music.

Chris performed a trick with Ms. Monley and Mr. Pegues using a purple cloth, while Neill taught a simple illusion called The Mystery of the Red Scarf that students could try with family and friends at home.

Chris concluded the show by sharing a story about a little white feather, urging students to keep it as a symbol of hope and light during tough times.

Upward Bound Summer Component

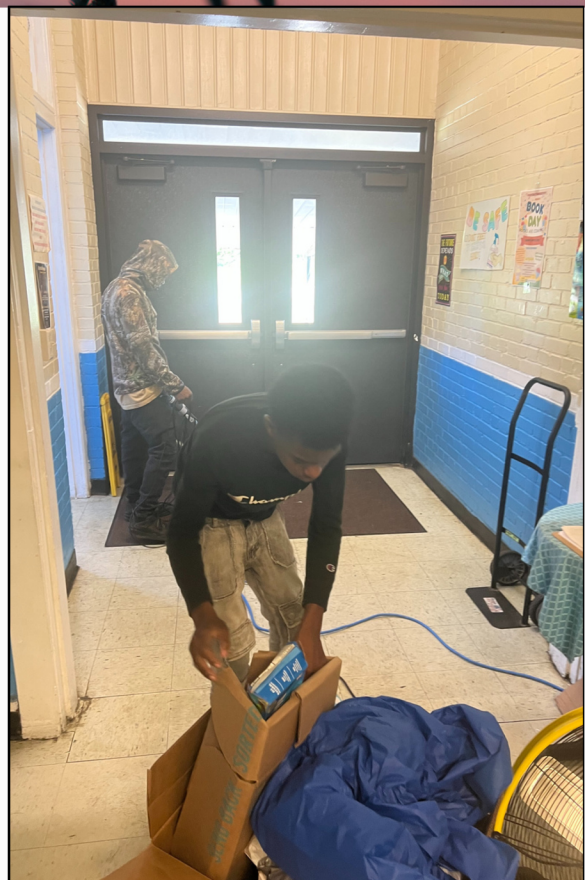

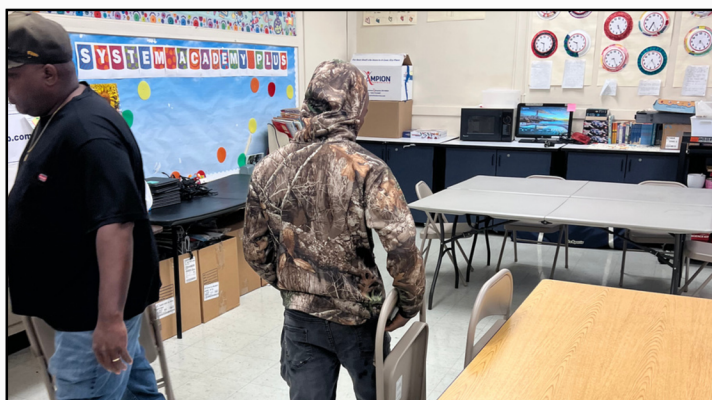

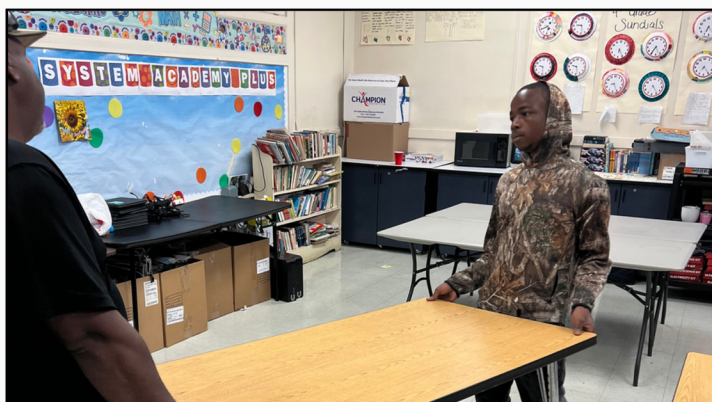

The Upward Bound Summer Program concluded on July 18th. During the program, students participate in educational activities from Monday to Thursday, including courses in math, English, Biology, Chemistry, art, theater, physical education, and Spanish. On Wednesdays, they gain internship experience at local sites like Scotland Memorial Hospital, Deberry Photography, Laurel Hill Recreation Center, Academy Animal Hospital and Earl's Electric.

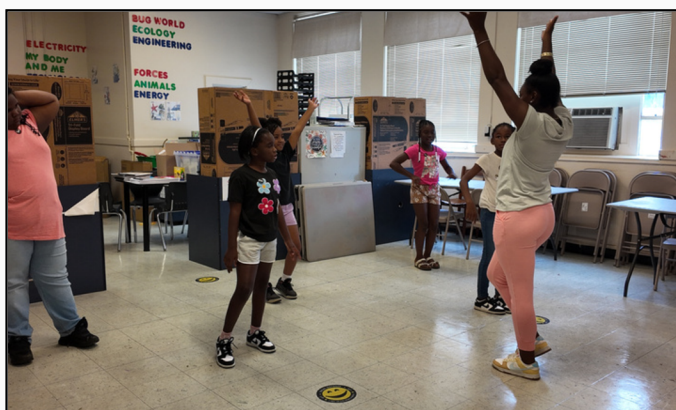

Fridays are dedicated to fun field trips that promote team-building. The program culminates in a banquet celebrating student achievements, where scholars will present their projects and internship experiences. Finally, the summer session concludes with a trip to Pigeon Forge, Tennessee.

JCPC Summer Program

The JCPC mentees will continue their summer program through August 15th. This summer's schedule will consist of "work-like" activities for mentees to gather experience in the workforce.
